

School information

Flu Vaccine for children

If your child is aged between 2-3 they are entitled to a free flu vaccine.

Please contact your local GP practice for more information.

Dinner payments

Please remember to keep up to date with your child's dinner payments at reception. If you are struggling to pay please speak to someone as soon as possible.

Snack contribution

We politely ask for a donation towards your child's snack whilst at nursery. Each day your child is offered a fruit and savoury option. Please could you contribute £1.00 a week to the snack box on the reception for this. Thank you.

Full- time children (not those who pay for extra hours)

If your child should be collected at 2.45pm promptly each day, we are now using the hall as a collection point for your child. This is so it's less disruptive to the running of the nursery. If your child needs collecting earlier, please let a member of staff know in the morning – thank you.

Dear Parents,

Happy New Year!

We hope you all managed to have a well deserved break, and some quality time with your family and friends. Welcome back...

Parent Annual Survey

This month we will be giving out our Parent Annual Survey. This survey is to help benefit our practice and get an insight into your views as parents. Please fill out the form and hand back it back to reception upon completion. These survey's help us with our continual development of the nursery as well as highlighting what is working well.

Parent Suggestion Box

In reception there will be a "Parent Suggestion Box" available. Parent feedback is important to us; therefore, this box will be available alongside our annual survey but throughout the year. This box will be reviewed weekly. Your observations and suggestions can remain anonymous or you can write your name alongside it. We encourage parents to share and suggest ways of improvement.

Remember if you have any complaints please follow the complaints procedure rather than putting it in the suggestion box.
