

Dear Parents,

Mellers and Nottingham Nursery Governing Body

The new federated governing body comprising of Nottingham Nursery and Mellers has now been formed. The Chair of the Governing Body is Lesley Lyon and the parent governors from Nottingham Nursery as Shamiso Abuka and Nathalie Bolofo. We would like to say a huge thank you to the previous Chair, Stephen McClaren, for all his hard work, commitment and dedication to the nursery.

The consultation report will be published on both school websites.

Doors and safety.

Could we please ask that no parents prop the doors open for the safety of our children. Especially during the 12.30pm pick up through the parent area as children are being transferred into the hall for lunch. Thank you for your support.

Pushchairs in nursery

Previously we have asked for no pushchairs to be brought through the school due to congestion and because parents/carers would have accessed the children's classroom via the corridors with carpeted floor. However, since the Government restrictions we have been using our outdoor area for pick up and drop off. We understand some parents have babies which would be hard to transfer without a pushchair whilst collecting their other children. Therefore, whilst we try to come up with a solution for all, if you can, please leave your pushchair in the pushchair bay outside whilst collecting your child; or try to encourage your children to walk to and from nursery where possible.

Evidence Me! – a 2simple Leadership Product

If you're still struggling to access Evidence Me you will need to ask to be invited again via your email. Once an invitation has been sent to your email, you need to click on the email and set up a password. We need this information before you can access the system. This system is designed to keep you up to date with all your children's learning whilst at nursery. You can receive pictures from nursery and you can also send pictures to your child's key worker.

Key dates

04.02.2022 – Chinese New Year celebration

11.02.2022 – Inset day for all children, followed by February half term.

21.02.2022 – First day back for children.
